- **Technical:** Python, Java, JavaScript, Kotlin, C++, Dart, Spring Boot, Hibernate, JPA, MERN, Flutter, Django, Flask, MySQL, Machine Learning, DSA, OOP, LLD, HLD

Professional Experience

Sr. Engineering Project Manager | Persist Ventures | Los Angeles, CA | Nov 2024 – Present

- Manage 40+ concurrent in-house, Web3, AI, automation, media, tools, social-platform, robotics, and client projects, coordinating priorities, resources, timelines, quality, risks, and stakeholder expectations.
- Own end-to-end project delivery across planning, resource allocation, execution, QA, issue resolution, reporting, and risk mitigation using Agile/Scrum practices.
- Recruit and onboard engineering/design talent, mentor cross-functional teams, and align execution with business objectives.
- Translate business and stakeholder requirements into actionable workstreams and use AI/automation to streamline workflows and improve delivery efficiency.

Digital Project Manager | GSK (GlaxoSmithKline PLC) | Andheri East, Mumbai | Feb 2023 – Dec 2024

- Led global web development and digital marketing programs for Nucala, Arexvy, and Shingrix across websites, email marketing, e-details, and video.
- Improved project timelines by 100% through stronger planning, tracking, coordination, and quality-control processes.
- Managed sprint planning and execution using Scrum, Kanban, Agile, and JIRA while coordinating cross-functional teams and stakeholders.
- Managed digital assets and approval workflows through Veeva Vault PromoMats and Workfront, reducing approval time by 35% through improved tracking and quality reviews.
- Coordinated 1:1 and mass email campaigns through Salesforce with focus on execution accuracy, stakeholder alignment, and reporting discipline.

Finance Operations Manager | Teleperformance Global Services Pvt Ltd | Thane, Mumbai | Aug 2021 – Jan 2023

- Managed finance operations covering invoicing, billing, accounts payable (AP), accounts receivable (AR), payments, collections, client accounts, reconciliations, and month-end activities.
- Prepared and supported P&L/MIS reporting, financial reporting, operational dashboards, and management information for performance monitoring and decision-making.
- Coordinated payroll-related finance operations and maintained accurate, timely processing in line with established procedures and controls.
- Supported GST/TDS activities, audit requirements, documentation, reconciliations, and finance compliance processes in coordination with relevant stakeholders.
- Monitored receivables, collections, payment cycles, account balances, and reconciliation exceptions to improve financial-operational visibility.
- Led and mentored finance/operations teams, driving process improvement that improved operational efficiency by 57% and reduced errors by 87%.
- Implemented workflow and quality improvements, strengthened process adherence, and coordinated across teams to resolve financial and operational issues.

Customer Support Officer | Lester Infoservices Pvt Ltd | Turbhe, Maharashtra | Dec 2019 – Jul 2021

- Handled multi-channel customer and technical support, resolved complex issues, coordinated with internal teams, and maintained service-quality standards.
- Developed strong experience in structured issue resolution, stakeholder communication, escalation management, and process adherence.

Additional Experience

Product Development Intern | Healtether Healthcare Pvt Ltd | Sep 2024 – Dec 2024

- Supported AI-powered product development through requirements analysis, user-feedback analysis, PRDs/specifications, backlog management, and collaboration with engineering, design, and marketing.

Product Management Intern | Geekster (Quantumbit Technologies Pvt Ltd) | Jul 2023 – Mar 2024

- Contributed to product strategy, requirements gathering, feature prioritization, market research, competitive analysis, product specifications, backlog management, and technical testing.

Data Science Intern | Access Million | Sep 2022 – Jan 2023

- Performed data cleaning, preprocessing, machine-learning model development, project scoping, insight extraction, and data-pipeline activities.

User Engagement Intern | WhiteHat Jr. | Dec 2021 – Feb 2022

- Researched user engagement, analysed feedback, developed personas, managed social media activity, and reported metrics to stakeholders.

Full Stack Web Developer Intern | DevTown | Aug 2021 – Nov 2021

- Built MERN-based edtech tools, integrated LMS capabilities, supported accessibility, conducted code reviews, and developed user-focused features.

Education

- MSc in Financial Engineering – WorldQuant University | Sept 2024 - Aug 2026
- AI Cohort 3.0 Program – Sheryian's Coding School | Jun 2026 – Current
- Product Management Nanodegree Program – Eshan College of Engineering / Jobaaj Learnings | Apr 2026
- Bachelor of Computer Engineering – MGM College of Engineering & Technology, University of Mumbai | May 2022

Certifications

IBM Product Management Professional Certification | IBM AI Product Management Professional Certification | Product Management Certification – Internshala / NSDC | Programming with Python – Internshala / NSDC | Lean Project Management (LeanPM®) Yellow Belt | Lean Fundamentals | Management Consulting Professional Certification – Emory University | HackerRank Software Engineer Certified | ICTRD Certified Digital Marketing Expert | ICTRD Premiership in Business Management

Achievements

- Solved 300+ DSA/coding questions on HackerRank and 300+ DSA/SQL/OOP questions on LeetCode.
- Achieved 1st Rank in Maharashtra State Level Chess Games in 2015.
